Dear potential Greater Minnesota Field Day Swapper

2025 has arrived! With it, we are excited to announce our 33rd annual Greater Minnesota Two-Cylinder Club Field Days which will be held Friday May 2nd – Sunday May 4th this year at the Morrison County Fairgrounds just East of Little Falls, MN. That is correct, we moved back to a 3-day show to try to get all the great events into our weekend.

The 2025 show will kick off at noon on Friday with that evening bringing the farmstock tractor pull, Saturday at noon antique tractors will be pulling and then Sunday at noon are the garden tractor pulls. Pedal tractor pull, tractor skill contests, shelling, shredding, baling and grinding demonstrations will occur throughout the weekend as well as different silent auction items each day. Our features this year include New Generation Series, including all brands (1960-1972) and all brands' Snowmobiles. We will also be celebrating 90 years of the model B.

Parking passes will also not be issued for vendors signing up after Wed 26th, you will need to pay admission at the gate along with the vendor fee.** If you wish to change areas, we will also try to accommodate if we hear from you with your registration and full payment in advance. We hope you understand our situation as we feel we need to make this change to better accommodate everyone to have a successful show. All checks need to be issued to Greater MN Two-cylinder club or GMNTCC (NOT Garrett or Al & Betty).

We would also appreciate it if all vendors would donate an item from their wares to be used as a silent auction item for Saturday. Please consider donating, these items can be left at the registration stand or given to Garrett, Al or Betty and we will get them to the appropriate place. Thank you in advance for your generosity.

We look forward to seeing and working with you for another successful weekend for all our vendors and shoppers! We encourage all vendors to stay for the entire show so everyone attending has the chance to see your display.

If you prefer not to receive this notice any longer, please let us know ASAP so that we can keep our mailing list current. Also, if you know of someone who would like to be added to our mailing list, please let us know. We welcome everyone to share the fun of our Field Days
